RESPONSE TO RESTRICTION REQUIREMENT

Responsive to the Restriction Requirement mailed July 1, 2003, Applicants elect the invention of Group II, claims 3-11. This requirement for restriction is respectfully traversed.

Applicants submit that the claims reciting a composition comprising perillyl alcohol (POH) (claims 15-19) should not be assigned to different restriction groups, as they are now. A composition comprising POH, irrespective of what else is included in the composition (e.g., one or more compounds, or packaging material), would be encompassed by a single search. Therefore, the claims assigned to Groups IV, V, and VI in the Restriction Requirement of July 1, 2003, should be combined into a single group. Applicants respectfully request reconsideration of the restriction.

Please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,
